Dear InSEA Members

On behalf of the nominating committee for the InSEA Election, I want to encourage all those interested to nominate themselves as soon as possible. The deadline is June 30, 2016.

To date we have received very few nominations: only 2 nominations for 3 executive positions and only 3 nominations for 18 world council positions.

If you are not interested in putting your own nomination forward, please consider others who should run for election and encourage them to put their names forward.

For information on how to nominate yourself for the InSEA election please go to the InSEA home page and look for the election heading. See: <http://www.insea.org/insea/insea-elections>

Rita Irwin  
Past President, InSEA
