

INTERNATIONAL
ARTS EDUCATION WEEK
May 21-27, 2018

**INSEA NEEDS YOU
WE NEED YOU**

**TO CELEBRATE
AND SHOWCASE
THE POWER OF
EDUCATION THROUGH ART**

Inspired by the photographer Julian Germain and his series Classroom Portraits <http://www.juliangermain.com/projects/classrooms.php> INSEA would like to celebrate visual art education around the world by asking you to send in a photo of your own teaching "space", wherever that is, whoever it is with. You can choose how you do this and be as creative as you want. If you do use images with people in, please note that you must ensure that you have permission for this. Please also be aware that any photos sent in will be in the public domain. We shall combine and share your images in an online gallery and video under our hashtag title #moreARTnotless. This is our way of celebrating the 2018 UNESCO International Arts Week, so your photo should be uploaded or emailed before 18th May. It is very simple- create your scene, take your photo and post it, either on our Facebook page <https://www.facebook.com/groups/InSEAOfficial/>, or on Twitter using the hashtag #moreARTnotless and tagging us in @INSEA_Blog, or on Instagram using the same hashtag and tagging in @insea_art_ed, but if this all seems complex then just email your photo to us at- moreartnotless@gmail.com

Please share the poster, please print and display and please help us to showcase the POWER of art education with a photo. Thank you SO much. We love art.

art work: "Friendship", Nigeria
artists Morenike Falola and Michelle Adetula

design: Ângela Saldanha
