The conference will address *current problems and alternative models* of artistic education and education through the arts *in Europe* in formal, informal and non formal contexts *through practice informing research*

FROM INTERNATIONAL PAINT PALS FRIENDSHIP FORCE INTERNATIONAL

Atlanta, Georgia, U.S.A.

Invitation to participate in a children's art exhibition for the 2015 Nobel Peace Laureates Summit to be held in Atlanta next November.

The 2014 Nobel Peace Prize winner -- seventeen year old Malala Yousafzai from Pakistan -- is calling for children worldwide to stand up and speak out on issues of peace and human rights. She is an inspiration for this exhibition. The Summit will be attended by many former Nobel Peace Laureates and by thousands of delegates from many countries who will hear the visual-voices of young people through their artwork.

The purpose of the exhibition will be to express appreciation to past Nobel Peace Laureates and to offer inspiration to potential future winners. The theme of the paintings will be "My Dream of Peace". Young artists may paint anything they wish in order to express this theme in their own ways. Participation and self expression are more important than artistic talent.
