InSEA Latin America Regional Congress, Cusco, **25-28 November 2020!!**

Congress Theme: Cracks and Provocations for teaching and learning in the arts

CRACKS AND PROVOCATIONS urges us to emerge as critical subjects of knowing and living our differences, thinking of education through not only aesthetic experiences but also the affections and being and being in a coherent way to the world. In this way, this Congress offers us the possibility of ethically and politically affecting/questioning socio-identity structures and relationships and collectively recovering our stories and other stories.
